

Vacuum Packaging Machine VP-580

Models based on Seal Bar Configuration

Model	Seal Bar Combination
VP-580 A	
VP-580 AA	
VP-580 B(Standard)	
VP-580 BB	
VP-580 AB	

Type of Control Panels

Name	Configuration
Time Control Panel without Gas	 A rectangular control panel with a blue face. It features a 2x4 grid of buttons with various symbols (arrows, a house, a flame, a person, a green 'I', and a red 'O'). To the right of the buttons is a circular analog pressure gauge with a needle. Below the gauge is a blue circular logo with the letters 'ak'.
Time Control Panel with Gas	 A rectangular control panel with a blue face, similar to the one above. It features a 2x4 grid of buttons with various symbols. To the right of the buttons is a circular analog pressure gauge with a needle. Below the gauge is a blue circular logo with the letters 'ak'.
Sensor Control Panel with Gas	 A rectangular control panel with a blue face. It features a 2x4 grid of buttons with various symbols. To the right of the buttons is a circular analog pressure gauge with a needle. Below the gauge is a blue circular logo with the letters 'ak'.
