SRSP-18

STOCK POT RANGE

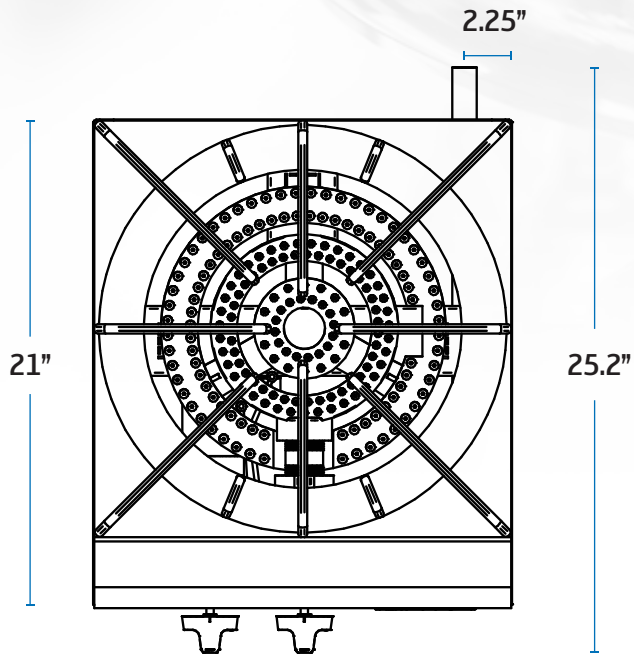

The Sierra SRSP-18 features an all-stainless steel construction, that includes heavy duty cast iron 3-ring burner rated at 100,000 BTU/Hr, providing lightning quick heating. The dual control valves, for the inner and outer rings, allow maximum precision to maintain desired heat. The full width drip tray catches spills and is easily removed for cleaning. The stock pot range has an open storage base.

The SRSP-18 features a modern look and design, form and function fit for the most demanding kitchens at an affordable price. All with the ease of modular customization.

STANDARD FEATURES

- Stainless steel construction: interior and exterior front, sides and valve controls.
- Heavy gauge welded front frame.
- Heavy duty 18" X 21" cast iron top grate is easily removable for cleaning.
- Lift-off top two piece, cast iron burners.
- One stainless steel standing pilot for each burner for instant ignition.
- Pilot shield protects pilot from spills and grease.
- Full width drip tray to catch spills.
- Dual control valves; one for the inner ring and one for the outer ring.
- Sloping design of cast iron bowl guides any spill away from the burner's ports, protects the flame and preventing clogs.
- Sturdy lower cabinet storage cavity.
- 6" adjustable stainless steel legs.
- The SRSP-18 is shipped from the factory, ready for natural gas installation. An LP conversion kit is included with each unit.
